

Welcome to so close.co.

In this video, I am going to show you how you can use the Feed module in so close CRM platform.

Here all members of the projects can share their ideas, and work updates.

In the about section, you can see the basic information about your account and you can also change it.

Here you can share your post.

And you can also create a poll question-answering session.

By clicking the post section you can see your posts.

In the photos section, you can see your photos.

And here you can see your followers.

That's all about how you can use the Feed Module in so close CRM platform.

Thanks for watching this video.
